By Carol Quattrochi, Executive Assistant

New York Farm Bureau is pleased to announce that it has recently published, and is currently making available, the "Farmer's Guide to Truck & Farm Implement Laws & Regulations – Third Edition". Since the printing of the first such publication in 1997, this book has proven to be a valuable resource for farmers, and the arrival of this Third Edition has been greatly anticipated. The Farm Family insurance companies have joined us in making this resource possible by underwriting some of the costs of producing the guide.

This guide provides an overview of the myriad of New York State and federal laws and regulations related to farm vehicles and implements. Sections include: Licensing; Registration of both Farm Plate and Agricultural Vehicles; General Vehicle Regulations; and Farm Implements and Equipment. Although this guide is a comprehensive tool, it is not intended to be all-inclusive and is published as an informational resource only.

The "Farmer's Guide to Truck & Farm Implement Laws & Regulations – Third Edition" is presently being offered to NYFB members and law enforcement personnel at a rate of \$20.00 per copy, and to other non-members at a rate of \$40.00 per copy. If you are interested in obtaining a copy of this publication, please contact the NYFB Legal Affairs Department at 1-800-342-4143 or complete and submit the attached form with your check to: New York Farm Bureau Legal Affairs Department, P.
